Professional Service Agreement

Welcome. Thank you for choosing Jennifer Christian Counseling. My goal is to provide you with therapy services and tools that can help you manage and improve your quality of life. Generally, counseling is most useful in helping individuals help themselves or improve their relationships by changing feelings, thoughts, and behaviors. You determine the nature and amount of change you wish to make. Most people experience improvement or resolution to the concerns that brought them to therapy, but there are no guarantees; and, some risk is involved. For example, therapy could open up new levels of awareness that cause discomfort as traumas and/or conflicts are discussed. Homework assignments as part of the changing process may

Jennifer Christian, M.A., LPC
Courage. Heal. Live.

require you to move outside your comfort zone. If this happens, please be sure to discuss this with me during your session. I understand that this is part of the process, and I am here to help you.

Training and professional background: I am a Licensed Professional Counselor, licensed by the Texas State Board of Examiners of Professional Counselors. I am a member of the American Counseling Association, Texas Counseling Association, and the International Centre for Excellence in Emotionally Focused Therapy. I have a master's degree in Counseling Psychology with a specialization in Marriage and Family Therapy from the University of Texas in Tyler. I have also completed EMDR Approved Basic Training, Emotion Focused Couple's Therapy Externship, and Advanced Emotion Focused Couples Therapy Core Training.

The rights of clients in counseling: It is appropriate for clients to raise questions about the counselor, the therapeutic approach, the progress of therapy and the cost. As an informed consumer, it is the client's responsibility to choose the counselor and counseling approach that best suits their needs. Clients have the right to request a change in the counseling approach, refer to another counselor, or terminate at any time.

Termination Protocol

Should Jennifer Christian, LPC become incapacitated or deceased while a client is undergoing treatment, Amy Fuller, PhD will properly dispose of client record and ensure continuation of care.

Informed Consent

This Professional Service Agreement outlines my policies and procedures for Jennifer Christian Counseling. The following information is important. Please take time to read and initial the paragraphs below stating that you agree and understand my policies and procedures. You are more likely to meet your goals when you understand the nature and limitation of counseling.

Emergency/Crisis: Please be aware that Jennifer Christian, LPC does not provide a 24-hour crisis counseling service. Should you experience an emergency needing immediate mental health attention, call 911, or go to the nearest emergency room for assistance.

Confidentiality: All communications become part of the clinical records and are property of Jennifer Christian, LPC. All information shared will be kept confidential. Both verbal information and written records cannot be shared with any other person(s) without my written consent or, if a minor, the minor client's legal guardian. I understand that the following are exceptions.

- **Duty to Warn and Protect:** When a client discloses intentions or a plan to harm another person, the mental health professional is required to warn the intended victim and report this information to legal authorities. In cases in which the client discloses or implies a plan for suicide, the health care professional is required to notify legal authorities and make reasonable attempts to notify the family of the client.
- **Abuse of Children and Vulnerable Adults:** If a client states or suggests that he or she is abusing a child or vulnerable adult, or has abused a child or vulnerable adult recently, or a child or vulnerable adult is in danger of abuse, the mental health professional is required to report this information to the appropriate social service and/or legal authorities. This includes domestic violence that a child is exposed to, and prenatal exposure to substances that are potentially harmful.

Jennifer Christian, M.A., LPC
Courage. Heal. Live.

- **Minors/Guardianship:** Parents or legal guardians of non-emancipated minor clients have the right to access the client's record.
- **Insurance Providers (when applicable):** Insurance companies and other third-party payers are given information that they request regarding services to clients.
- **Court Subpoena:** If I receive a court subpoena for your records.

Professional Relationship: While sessions might be psychologically intimate, it is important for you to understand that the relationship is strictly professional. Contact will be limited to counseling sessions only. You will best be served if the relationship remains strictly professional.

Childcare Unavailable: Please arrange for small children to remain at home unless specifically asked to bring them as a part of family therapy. Children may not be left unattended. Failure to do this will result in the appointment being rescheduled, and being charged a cancellation fee.

Fees and Length of Therapy: I agree that I am responsible for payment of services for this account, or in the case of therapy for a minor, that I as the guardian am responsible for payment. The fee per counseling session is \$125 for a 50-min session and \$180 for an 80-min session. I ask that you make payment in full at the end of each session. If your account becomes two sessions past due, my policy is not to schedule additional appointments until payments are current.

Insurance: I do not take insurance, but I can provide you with a statement should you desire to submit to insurance. Note: If you are using insurance, it is a good idea to check with your insurance provider and verify your out-of-network mental health benefits first.

Cancellation or Missed Appointments: I understand that situations arise that may prevent you from keeping a scheduled appointment. As a courtesy, please notify me at least 24 hours in advance of your appointment if you cannot keep it. Except for emergencies, if you fail to show up for your scheduled appointment and do not call, a regular session fee will be filed to you, or charged to your credit card if one is on file.

Court: It is in your best interest to know that conducting an expert witness/testimonial service is not in my area of interest or expertise. I do not agree to serve as an expert witness or to provide testimonial services for you, and you agree to not use my services in this way. If you are seeking counseling for court related purposes, I will provide you with alternative appropriate referral sources. Should you, your attorney, or the attorney of your spouse or ex-spouse subpoena me or your client file, or involve me in a court related process, you agree to pay \$300 for every hour of my time involved including case preparation, travel, witness and wait time related to a court related process. You further agree to pay a retainer fee of \$2,000 at the time the subpoena is served. All subpoenas will be turned over to an attorney at your expense.

Social Media Policy: Jennifer Christian does not accept or solicit friend requests from current or former clients on any PERSONAL networking site. Adding clients as friends or contacts on social network sites can compromise your confidentiality and privacy. It may also blur the boundaries of our therapeutic relationship.

Communication Policy: It may become useful during the course of treatment to communicate by email, text message (e.g. "SMS"), or other electronic methods of communication. Be informed that these methods in their typical form are not confidential means of communication. If you use these methods to communicate with Jennifer Christian a reasonable chance exists that a third party may be able to intercept and/or eavesdrop on those messages. The kinds of parties that may intercept these messages include, but are not limited to:

I consent to allow Jennifer Christian, LPC to use unsecured email and mobile phone text messaging to transmit to me the following protected health information:

- Information related to the scheduling of meetings or other appointments
- Information related to billing and payment

I have been informed of the risks, including but not limited to my confidentiality in treatment, of transmitting my protected health information by unsecured means.
